

# JACKY AUGER UNIT STIHL POWERHEAD DRIVE

Product Code

**LA15004KM13143M**

This compact feed/fertiliser transfer unit is innovative, practical and extremely functional. The convenience of using the Stihl KM131 powerhead to drive the auger is wonderful, and allows the unit to be used in a large variety of situations.

Standard units feature a 4" diameter auger that is 3.0m in length. This unit is supplied fully assembled and ready to connect the powerhead directly to the gearbox drive at the base of the auger. (KM131 Stihl Powerhead not supplied – we recommend users purchase this as the warranty is issued to the original purchaser)
